

17th March 2024

Dear Students, parents and staff of JDBI,

Greetings from JDBI!

This is to inform all students, parent and staff of JDBI that Kolkata Municipal Corporation has taken the initiative of repairing the sewerage of Lower Rawdon Street with a view to eliminate water logging menace in the street. For this, extensive repair work shall be undertaken by KMC, part of which has already started. Since the lane is too narrow, KMC and traffic police officials have requested us to ensure that vehicle movement in the lane is restricted and hence we are asking all students and staff members to get dropped at the end of the lane during their ingress to college in the morning. Vehicles will not be permitted inside the lane from tomorrow. We shall be posting our security personal at the end of lane to manage traffic from 7.00 am to 8.00 am and again from 9.00 am to 10.00 am.

Car owners who park their cars in the lane need to find another way to get around this. It is anticipated that this work will be finished in a month. Inconvenience caused is sincerely regretted. Hope all will understand how today's pain will lead to tomorrow's gain. Seeking everyone's cooperation in this regard.

Best Regards.

For JDBI
Principal
