NOTICE

We have received several communications from students requesting for closure of college due to ongoing heat wave and conducting classes online.

We have noted with dismay that a large section of the students had been irregular even when the heat wave had not set in. Further, other similar institutions across the city are functioning normally, thus we see no reason why normal teaching-learning process have to be suspended now. The University also has not issued any such direction. Hence, the college shall remain open and regular classes will be conducted as per schedule

Students may take a call at their discretion keeping in mind the eligibility criteria for end-semester examination.

Principal, J.D. Birla Institute
Prof. (Dr.) Deepali Singhee
